AVG. ORDER

The Year at a Glance

Headline performance across 1000 orders, closed between January and December 2024.

NET REVENUE \$511,041 after \$37,684 discounts	GROSS REVENUE \$548,725 57.4% of orders discounted	AVG. ORDER VALUE \$511 5576 units total
PEAK MONTH October \$61,513 · 109 orders	ACTIVE CUSTOMERS 250 across four regions	CATALOGUE 15 SKUs five product families

MONTHLY NET REVENUE

The Pulse of the Year

Each cell is a single day of 2024; its warmth tracks net revenue booked that day.

BUSIEST SINGLE DAY

\$7,905
peak of 366 days

PEAK TRADING MONTH

October
\$61,513

DAILY AVERAGE

\$1,396
steady cadence

READING THE GRID

Revenue arrives in bursts rather than a smooth tide. Warm columns cluster around large-ticket furniture orders – a single standing-desk or ergonomic-chair sale can outweigh a week of accessories. The darkest cells mark quiet days with no orders booked, a reminder that even a strong year breathes in and out.

What Sold, and to Whom

BY PRODUCT FAMILY

Revenue decomposed by product family, buyer segment, channel, and region.

Electronics	\$254,623	· 50%
Furniture	\$214,265	· 42%
Accessories	\$18,049	· 4%
Home Office	\$15,812	· 3%
Stationery	\$8,290	· 2%
